ENGLISH TRANSLATION

Indeed, We created the human being from the essence of clay. Then We placed him as a drop of fluid (sperm) in a secure place (the mother's womb). Then We made the drop into a clinging form, then We made the clinging form into a chewed-like lump, then We formed bones from the lump, and We covered the bones with flesh. Then We developed him into another creation. So blessed is Allah, the Best of all creators. Then, after this, you will surely die. Then, on the Day of Resurrection, you will surely be raised to life again.

MESSAGES FROM DIGNITARIES

WORDS OF WISDOM & INSPIRATION

MESSAGE FROM THE VICE CHANCELLOR AIR UNIVERSITY, ISLAMABAD

It is with immense pride and joy, that I address you today through the pages of this souvenir. This moment marks a significant milestone not just in your academic journey, but in the ongoing story of our institution. As Vice Chancellor, I have had the privilege of witnessing your growth, your resilience, and your unwavering spirit. Today, we do not merely celebrate the completion of a degree; we celebrate the culmination of years of hard work, sacrifice, and personal transformation. You have been through challenges that tested your patience, from the rigors of academic deadlines to the complexities of balancing personal lives with scholarly pursuits. You have proven that you possess the grit to persevere and the agility to adapt, qualities that will serve as your compass in the uncertain and ever-evolving world that awaits you. There will be opportunities that align with your plans and detours that lead to unexpected discoveries. In

all these moments, remember the values that define this institution. Be bold in your ambitions, yet humble in your demeanor. I take immense comfort in knowing that you are prepared to excel. The legacy you have left behind, through your academic achievements, your extracurricular contributions, will inspire the students who will follow in your footsteps. Congratulations on this remarkable achievement. May your journey be as meaningful as your destination, and may your lives be a testament to the power of education to transform individuals and societies.

With warmest regards and every good wish.

Air Marshal (R) Abdul Moeed Khan, HI(M)

Vice Chancellor, Air University Islamabad

MESSAGE FROM THE PRESIDENT PM&DC

It gives me immense pleasure to extend my heartfelt congratulations to the graduating class of the Second Convocation of Fazaia Ruth Pfau Medical College. Today marks a defining milestone in your journey as you transition from medical students to healthcare professionals entrusted with the privilege and responsibility of serving humanity. Your graduation is the culmination of years of perseverance, sacrifice, discipline, and unwavering commitment. Behind every degree lies countless hours of study, moments of self-doubt, the support of your loved ones, and the determination to overcome every challenge. Today, you have earned not only a qualification but also the trust of society—a trust that must always be cherished and upheld. As you embark upon this noble profession, remember that while patients may not always recall every prescription you write or every procedure you perform, they will always remember the kindness you showed, the hope you gave, and the compassion with which you treated them. Let humility guide your success, integrity shape your decisions, and empathy remain the defining hallmark of your practice. The white coat you wear is more than a symbol of achievement; it is a lifelong

commitment to service, humanity, and ethical excellence. The world you enter is witnessing unprecedented advances in medical science, technology, and artificial intelligence. Embrace lifelong learning, evidence-based practice, innovation, and ethical decision-making to ensure that your patients receive the highest standards of care. Never allow technological progress to replace the human touch, for the greatest strength of a physician lies not only in knowledge but also in compassion. The PM&DC remains steadfast in its commitment to maintaining excellence in medical and dental education, promoting the highest professional standards, and ensuring the competence of healthcare professionals across Pakistan. We are confident that the education and training you have received at Fazaia Ruth Pfau Medical College have prepared you to meet these expectations with confidence, competence, and distinction. As you step into hospitals, clinics, research institutions, and communities, remember that every patient who seeks your care places in you their trust, their fears, and often their hopes. May you always honor that trust with humility, courage, and unwavering professionalism. I also extend my sincere appreciation to the faculty members, parents, and families whose unwavering guidance, sacrifices, and encouragement have made this remarkable achievement possible. I wish each graduate a future filled with success, wisdom, resilience, and compassion. May your careers be guided by excellence, your decisions by integrity, and your service by the enduring values of our noble profession. Congratulations, and may you continue to bring honour to your alma mater, your profession, and to Pakistan.

MESSAGE FROM THE CHAIRMAN SINDH HEC

It is a matter of immense pleasure and pride to extend my heartfelt congratulations to the graduating MBBS Class on the occasion of the Second Convocation of Fazaia Ruth Pfau Medical College. This memorable milestone marks the successful culmination of years of dedication, perseverance, and intellectual growth, and signifies the beginning of a lifelong journey of service to humanity. Medical education is one of the noblest pursuits, demanding not only academic excellence but also compassion, integrity, and an unwavering commitment to ethical practice. As you embark upon your professional careers, you carry with you the responsibility of safeguarding human life, advancing healthcare, and contributing to the well-being of society. The knowledge and values you have acquired during your training will serve as the foundation upon which you will build meaningful and impactful careers. Fazaia Ruth Pfau Medical College has earned recognition for its commitment to excellence in medical education, research, innovation, and character development. The institution's emphasis on evidence-based learning, professionalism, and community engagement reflects the aspirations of

Pakistan's higher education sector to produce graduates who are not only competent clinicians but also responsible leaders, researchers, and lifelong learners. The Higher Education Commission remains steadfast in its mission to strengthen higher education by promoting quality assurance, research, innovation, digital transformation, and international collaboration. We firmly believe that investing in human capital is the cornerstone of national development, and our medical graduates are among the nation's most valuable assets. I encourage each of you to embrace emerging technologies, foster interdisciplinary collaboration, and contribute actively to scientific discovery and healthcare advancement. As you step into a rapidly evolving world shaped by technological innovation and global health challenges, let your professional journey be guided by empathy, resilience, humility, and an enduring commitment to excellence. Continue to seek knowledge, uphold the highest ethical standards, and serve your communities with compassion and dedication. I congratulate the faculty members, parents, and families whose guidance and unwavering support have made this achievement possible. My sincere appreciation also goes to the leadership of Fazaia Ruth Pfau Medical College for nurturing future physicians equipped to meet the healthcare needs of Pakistan and the global community. I wish the graduating class every success in their future endeavors. May you continue to uphold the honor of your alma mater and serve humanity with distinction

MESSAGE FROM THE
DIRECTOR GENERAL MEDICAL SERVICES
PAKISTAN AIR FORCE

It is with profound pride and a deep sense of satisfaction that I extend my warmest felicitations to each of the graduating Physician at this momentous occasion. As the Director General Medical Services of the Pakistan Air Force, I have had the privilege of witnessing the dedication, discipline, and resilience that define the medical professionals under our service. Today, I see those very qualities reflected in you, the newest cohort of healers, leaders, and custodians of human life. The Pakistan Air Force has always held its medical services and education to the highest standards of excellence. Our graduates have distinguished themselves through their competence, integrity, and unwavering commitment to duty. You carry forward this legacy. As you step into the next chapter of your careers, remember that you will be required to treat the patients not just the disease. They will remember your kindness, your presence and the hope you instilled in their

darkest hours. That is the hallmark of a truly great physician and that is what we strive to cultivate in every medical professional. As you prepare to serve in a world that is increasingly complex and interconnected, I urge you to remain lifelong learners. The field of medicine is evolving at a breathtaking pace, and the knowledge you have acquired today will be the foundation upon which you build tomorrow. Stay curious. Stay humble. Stay committed to the pursuit of excellence. Carry the spirit of service, to humanity, self-discipline and compassion wherever you go. Be leaders who inspire trust, caregivers who restore dignity, and professionals who elevate the standards of healthcare in our nation. May your hands bring healing, your minds bring innovation, and your hearts bring hope to all those you serve. Congratulations, and may your future be as distinguished as the path you have walked to reach this day.

With highest regards and best wishes

MESSAGE FROM THE AIR OFFICER COMMANDING - SOUTHERN AIR COMMAND **PAKISTAN AIR FORCE**

With the blessings of Almighty Allah, unflinching resolve of principal, faculty and staff members, Fazaia Ruth Pfau Medical College is evolving to climb the ladder of excellence every passing day. On this day of Convocation of its 2nd batch of graduating physicians, it is true manifestation of character, perseverance, and vision. The graduating Physicians have walked through a demanding path that tested their resolve, stretched their limits, and shaped them into compassionate healers. They have earned not only a degree but the trust that comes with the sacred calling of medicine. Dear graduates, you are the pride of FRPMC. As you step into the world as physicians, remember that your patients will look to you for hope and healing. Let your knowledge be matched by your kindness, and your skill by your humility. The

world awaits your healing touch. Go forward with courage, serve with passion, and always remember where you began. Let this convocation be a reminder that FRPMC stands firm in its mission to produce not just competent doctors, but responsible citizens and compassionate leaders who will serve Pakistan and humanity at large. I also congratulate the principal, faculty and staff for their untiring resolve and commitment to drive young physicians to accomplish their sacred journey. May Allah guide your steps and bless your endeavors.

MESSAGE FROM THE PRINCIPAL FRPMC

It is with immense pride and a profound sense of fulfilment that I extend my warmest congratulations to the graduating physicians of 2025 on this momentous occasion of the second Convocation of FRPMC. Today marks a defining milestone in their lives, the culmination of years of dedication, sacrifice, and relentless pursuit of excellence. They have endured the rigors of medical education with resilience and grace, and you now stand at the threshold of a noble profession that demands not only clinical competence but also unwavering compassion and integrity. A big Bravo for graduates, they have made us immensely proud. As you embark on your journey as physicians, remember that the white coat you now wear is a symbol of trust, responsibility, and service. Carry forward the values instilled at Fazaia Ruth Pfau Medical College, empathy, humility, and a commitment

to the well-being of all humanity, especially the underserved. You are the torch bearers of our institution's legacy, and I have no doubt that you will shine brightly in every endeavor you pursue. I extend my deepest gratitude to the faculty and staff, their dedication, mentorship, and passion for teaching have shaped these young minds into competent and principled professionals. As we celebrate this convocation, let us also reaffirm our collective mission to improve the health and well-being of our communities through excellence in education, research, and service. Guided by the vision of Air University and the steadfast support of the Pakistan Air Force, FRPMC remains committed to setting benchmarks in medical education and producing leaders who will serve the nation with distinction. Congratulations, and may Allah bless you all.

FAZAIA RUTH PFAU MEDICAL COLLEGE SHAPING THE FUTURE OF COMMUNITY ORIENTED HEALTH CARE

The global paradigm of healthcare has undergone a profound transformation, shifting focus from the individual to the community, from the mere cure of disease to the active preservation of health, and from episodic, physician-centric care to continuous, comprehensive, team-based primary care. These progressive changes demand a parallel evolution in medical education, a challenge that Fazaia Ruth Pfau Medical College (FRPMC), Karachi, has met with unwavering commitment since its inception. Established in February 2019 as a constituent institution of Air University, Islamabad, a public sector university chartered in 2002 under the governance of the Pakistan Air Force, FRPMC has now successfully completed nearly six years of outstanding academic service. In this short span, the college has proudly graduated its second batch of medical professionals, solidifying its reputation as a premier institution for medical training in the country. FRPMC offers a modular curriculum employing a spiral learning approach. True to its mission, the college trains future physicians through a holistic, community-oriented lens rather than a purely disease-oriented one. Evidence-based practice and interdisciplinary research in clinical decision-making remain the cornerstones of its educational strategy. To further strengthen its academic framework, the college has commenced a Certificate Programme in Health Professions Education, equipping faculty and practitioners with modern pedagogical skills. FRPMC's commitment to international standards has earned it prestigious accreditations from the world's most respected regulatory bodies. The college is officially recognized by the World Federation of Medical Education (WFME), World Health Organization (WHO), Educational Commission for Foreign Medical Graduates (ECFMG), USA, General Medical Council (GMC), UK, and College of Physicians and Surgeons Pakistan (CPSP), a testament to the global caliber of its graduates. A defining characteristic of the institution is its proactive, interdisciplinary approach to health sciences research, actively engaging faculty, interns, and students. This research culture is further bolstered by the launch of the college's own official Medical Journal, providing a vital platform for scholarly dissemination. In a landmark achievement, the college successfully hosted its First International Conference in 2024, drawing global experts and fostering cross-border academic dialogue. FRPMC has established formal partnerships with leading national and international bodies, including the Society for the Study of Liver Diseases, Pakistan Urogynecology Association, American Heart Association (AHA), and Anatomical Society of Pakistan. These alliances enrich the academic environment and provide students and faculty with unparalleled exposure to global best practices. Reaffirming its commitment to community welfare, the college recently signed a pivotal Memorandum of Understanding (MOU) with the Alkhidmat Health Committee to jointly promote health education, primary care awareness, and public health outreach. From the very first year, FRPMC students are immersed in community and primary healthcare settings, ensuring that they graduate not just as skilled clinicians, but as compassionate, socially responsible healers ready to serve the nation and the world.

BEST GRADUATE & DISTINCTION HOLDERS

HONOURING EXCELLENCE
& ACHIEVEMENT

BEST GRADUATE Class of 2025

Dr. Sana Fatima
MBBS

From the humble quiet lands of a remote Punjab village, where opportunities are scarce but dreams are abundant, one young girl dared to rewrite her destiny. She laid her foundation at the Government Girls School Karloo, where she didn't just learn, she excelled, consistently standing first in her class. With her matriculation secured, she took a bold step toward the nearby city of Jhang for her Intermediate, proving that geography would never limit her ambition. Her relentless hard work bore fruit when she earned a coveted seat in the MBBS programme at FRPMC and what followed was nothing short of legendary. She didn't just pass medical school; she dominated it, securing the First Position in all five professional examinations, a feat of unmatched academic supremacy that left her peers and professors in awe. Today, as she stands crowned as the Best Graduate of the MBBS Programme for the Class of 2025, she embodies the very essence of perseverance, intellect, and grace. Her journey from a small village classroom to the pinnacle of the medical profession is a powerful reminder that excellence is not born in big cities, it is forged in the fire of determination, nurtured by faith, and realized through unstoppable grit. She is not just a doctor; she is an inspiration, a trailblazer, and the pride of every young dreamer who believes that no dream is too big and no starting point is too small.

STUDENT VOLUNTEER TEAM 2ND CONVOCATION

TO THE GRADUATING CLASS OF 2025

As this souvenir comes to a close, may it remain a cherished reminder of the friendships you built, the challenges you overcame, and the dreams you transformed into reality. Today marks the completion of one remarkable journey and the beginning of another filled with endless opportunities to **heal**, **serve**, and **inspire**.

Wherever your profession leads you, carry with pride the values of Fazaia Ruth Pfau Medical College—**integrity**, **compassion**, **excellence**, and **lifelong learning**. Let your knowledge be guided by **wisdom**, your decisions by **ethics**, and your service by **humanity**.

May your white coat always symbolize **hope**,
your hands bring **healing**, and your heart
remain humble in the **service** of others.

Congratulations!

— GRADUATING CLASS OF 2025 —

May your future be filled with purpose,
success, and countless lives touched through
your dedication to medicine.

“ The journey ends here,
but the calling to serve humanity
begins forever. ”

ONCE AN FRPMC STUDENT,
FOREVER AN FRPMC AMBASSADOR.
